Dear Parents and Carers,

We are delighted to be able to share a copy of the school's latest inspection report with you. As you are aware, a full two day inspection was carried out on 9th and 10th January 2019.

As governors, we are thrilled with the outcome of the report and the very many positive things that it acknowledges across all aspects of school life. It is therefore to the credit of the school staff, governors, parents and most importantly the pupils, that this is such a good report.

The good judgement is richly deserved by the team and I am sure you will join me in congratulating Miss Williams and the team for their incredible hard work and for the great progress and many improvements that have been made since the last inspection. It is most rewarding to read that: "pupils are making good progress from their starting points in a range of subjects," and that "pupils develop into successful learners because provision for their personal development and welfare is good". Additionally, it is most gratifying to read that "standards for reading, writing and maths are high" and that provision for pupils' moral, spiritual, social and cultural education is a strength of the school". This report is testimony to all that the team continue to do.

We would also like to thank you, as parents, for all that you give to our school community and for your continuing support. Thank you for taking the time to complete the Ofsted Parent View feedback questionnaire and for the many positive comments you shared with the Inspector during her visit.

As a school community, we should be very proud of our 'Good' school and it goes without saying that we will continue to strive to provide the best education we possibly can. The Ofsted outcome validates the improvements and changes we have made to move the school forward and we will continue to focus relentlessly on raising standards and aim for excellence in all we do. We have a detailed development plan in place throughout the school and the work to improve our early year's outdoor resources and assessment and to ensure subject specific skills are more embedded in the curriculum is already underway.

Headteacher: Louise Williams

Chair of Governors: Sara Carey

School Business Manager: Ruth Pangu

Please find attached a copy of the full inspection report for your information.

Yours sincerely

Sara Carey
