## Rowan Class Year 1 Home Learning

We have been busy bees this week making dinosaur teeth out of salt dough and learning all about herbivores, carnivores and omnivores. We have written our own stories and have included some great story language. In maths we have continued to explore addition and I was impressed to see that some of us had remembered our addition facts that we looked at briefly last year!

### Values this term:

School value -

Aspiration

Think about your aspirations for the future, what would you like to be when you are older?

Christian value -

Thankfulness

Can you think of something you are thankful for?

### This week's home learning:

We've learnt lots about dinosaurs, but still not enough! Can you use books or the internet to write some short facts about dinosaurs? Three will do, unless you would like to write more. You could choose one dinosaur to write about or write about three different dinosaurs.

**Spellings:** Please complete your weekly spellings, look out for those tricky words!

**Reading:** Remember to keep reading regularly. Can you read your book to another family member?
