Rowan Class Year 1 Home Learning

We have had another super week in Rowan Class and I think we are all ready for a restful weekend! You have all shown great determination and independence when writing some wonderful sentences in preparation for writing our own story and learning how to use a part-whole model in maths. We have enjoyed comparing modern and prehistoric landscapes and collecting natural items to make our own prehistoric landscape.

Values this term:

School value -

Aspiration

Christian value -

Thankfulness

This week's home learning:

Can you complete the part-part-whole models?
Remember when we are adding, it is helpful to start with the bigger number. You might want to use the number line or something such as buttons or coins to help you when adding.

Spellings: Please complete your weekly spellings, look out for those tricky words!

Reading: Remember to keep reading regularly. Can you read your book to another family member?
