Rowan Class Year 1 Home Learning

We have had another super week in Rowan class. We have started a new book in English, all about a boy who writes letters to a dinosaur who lives in a museum. We have learnt the letter using a text map and will now begin to explore how to write our own letter. In maths, we have begun exploring 3D shape, sorting, and hunting around the room to see what 3D shapes we can find. We have also enjoyed getting messy whilst painting our dinosaur eggs and diva lamps, and learning the songs for our nativity.

Values

List some things you could do to show friendship.

This week's home learning:

Please have a go at writing some facts about Mary Anning. You could include when she was born and when she died, why she is an important figure and other interesting facts about her. You could use books or the internet to help you find facts and you could also include pictures. This is a good website to find facts.

Spellings: Please complete your weekly spellings, look out for those tricky words!

Reading: Remember to keep reading regularly. Can you read your book to another family member?
