# Oak Class Home Learning

Well done you Mighty Oaks!

Some superb learning this week:

Continuing to explore shape and space, this week has been a focus on finding area!

For English, we have begun to draft our information texts on the Latin American tradition of The Day of The Dead. The children have learned about formal and informal language and demonstrated that they can effectively use many features of the genre. Next week we will edit and publish our learning.

In topic, we have enjoyed more creative activities with the artists and musicians that visited us on Tuesday and Friday. More on that later...

## Values

Write down what you think Courage means.

## English/Topic/Maths

This is home learning for year 4, 5 and 6: Measure and round the perimeter of a room or garden in your home. Use this to find the area.

Challenge Questions: What unit of measure will you use? (mm, cm, m...)

Can you be an architect and draw a plan of the room, floor (upstairs or downstairs) or whole house?

## Maths – 4/5/6

Continue with Mathletics challenges and x-table practice.

**SPELLINGS:** Please practice the spellings handed out on Friday.

### Reading

Year 4 – 20 minutes a day

Years 5/6 – 30 minutes a day.

Please do take time to read with your child. Even in year 6 it is always helpful to read out loud.
