

Friday 31st January 2020

Oak Class Home Learning

Well done you Mighty Oaks!

This week, we have been:

Exploring angles and their properties/names in years four and five. Year six have been amazing at taking on percentage problems and learning strategies to find percentages of numbers and amounts.

For English, we have edited and redrafted our information texts on the Day of the Dead festival.

In topic, we have enjoyed more creative activities with the artists and musicians that visited us on Tuesday and Friday. More on that later...

In RE, we have been discussing clothes and what they mean to us and in the wider world, then linking this to our BIG question: Do clothes express beliefs?

Values

Tell me a time when you were scared to do something and had to use courage to do it. Why were you scared and did anything/one help you?

English/Topic/Maths

This is home learning for year 4, 5 and 6: Find a story or traditional tale from another culture and then research that culture – find out details about their day to day lives and what makes the culture different from ours.

We will use this in English next week, when we create our own traditional tale, based around the Day of the Dead festival.

Years 5/6: Will have an additional reading comprehension (as per the policy)

Maths – 4/5/6

Continue with Mathletics challenges and x-table practice.

SPELLINGS: Please practice the spellings handed out on Friday.

Reading

Year 4 – 20 minutes a day

Years 5/6 – 30 minutes a day.

Please do take time to read with your child. Even in year 6 it is always helpful to read out loud.
