Rowan Class Home Learning

Thanks for another super week, Rowan Class. We have been busy designing and making our own superhero masks and learning some new dances for our Kemdenge Project. In maths, Reception have been comparing groups of objects and combining groups. Year 1 have been finishing their work on addition and subtraction by identifying and using related facts and comparing number sentences. We have done some super work on comic strips and writing in the first person in year 1, in preparation for creating our own comic strip. In Reception, some of us have had a go at creating a story map.

Values this term: School value - Courage Christian value - Resilience

Values:

Tell me a time when you were scared to do something and had to use courage to do it. Why were you scared and did anything/one help you?

This week's home learning:

Year 1: Can you have a go at answering some questions all about comparing number sentences and statements? Think back to what we have been doing in class and remember - work out what number has been made first, before you compare.

Spellings: Please complete your weekly spellings, look out for those tricky words!

Reading: Remember to keep reading regularly. Can you read your book to another family member? You can practise your phonics using the Phonics Play website <https://www.phonicsplay.co.uk/>
