Relationships, Sex and Health Education (RSHE) Policy

Reviewed and approved by: FGB

Policy Reviewed: October 2026

Future Review: October 2027

1. Aims

The aims of relationships, sex and health education (RSHE) at our school are to:

- Provide a safe framework in which sensitive discussions can take place
- Prepare pupils for puberty, and give them an understanding of sexual development and the importance of health and hygiene
- Help pupils develop feelings of self-respect, confidence and empathy
- Create a positive culture around issues of sexuality and relationships
- Teach pupils the correct vocabulary to describe themselves and their bodies

2. Statutory requirements

As a maintained primary school, we must provide relationships education to all pupils under section 34 of the Children and Social Work Act 2017.

We are not required to provide sex education, but we do need to teach the elements of sex education contained in the science curriculum.

In teaching RSE, we must have regard to guidance issued by the secretary of state, as outlined in section 403 of the Education Act 1996.

We also have regard to legal duties set out in:

- Sections 404 to 407 of the Education Act 1996.
- Part 6, chapter 1 of the Equality Act 2010
- The Public Sector Equality Duty (PSED) (as set out in section 149 of the Equality Act 2010). This duty requires public bodies to have due regard to the need to eliminate discrimination, advance equality of opportunity and foster good relations between different people when carrying out their activities

At Kirtlington, we teach RSE as set out in this policy.

3. Policy development

This policy has been developed in consultation with staff, pupils and parents. The consultation and policy development process involved the following steps:

1. Review – The school's RSHE team researched and shared all relevant information including relevant national and local guidance

2. Staff consultation – all school staff were given the opportunity to look at the policy and make recommendations

3. Parent/stakeholder consultation – parents and any interested parties were invited to give their feedback about the school's policy

4. Pupil consultation – we investigated what exactly pupils want from their RSHE through carrying out pupil voice interviews

5. Ratification – once amendments were made, the policy was shared with governors and ratified

4. Definition

For the purpose of this policy:

RSHE is about the emotional, social and cultural development of pupils, and involves learning about relationships, sexual health, sexuality, healthy lifestyles, diversity and personal identity.

RSHE involves a combination of sharing information and exploring issues and values.

RSHE will:

Teach the skills and knowledge that form the building blocks of all positive relationships

Support children from the start of their education to grow into kind, caring adults who:

- Have respect for others
- Know how to keep themselves safe
- Have emotional awareness

Highlight the benefits and importance of physical activity, good nutrition, sufficient sleep and time spent outdoors

Emphasise the relationship between physical health and mental wellbeing

Aim to reduce stigma attached to health issues, in particular relating to mental health, and discourage the pejorative use of language related to ill health

5. Curriculum

Our RSHE curriculum is set out as per Appendix 1 but we may need to adapt it as and when necessary.

We use the My Happy Mind scheme of work, developed in association with the PSHE Association, to deliver the RSHE curriculum. The curriculum takes into account the age, needs and feelings of pupils. If pupils ask questions outside the scope of this policy, teachers will respond in an appropriate manner so they are fully informed and don't seek answers online. Teaching will be developed to ensure the curriculum is accessible for pupils with SEND.

We will share all curriculum materials with parents and carers on request.

6. Delivery of RSHE

RSHE is taught within the personal, social, health and economic (PSHE) education curriculum. Biological aspects of RSHE are taught within the science curriculum, and other aspects are included in religious education (RE). Pupils also receive stand-alone sex education sessions in year 6.

The school will make sure that:

- Core knowledge is sectioned into units of manageable size
- The required content is communicated to pupils clearly, in a carefully sequenced way and within a planned scheme of work
- Teaching includes sufficient and well-chosen opportunities and contexts for pupils to embed new knowledge, so that it can be used confidently in real-life situations
- "Over blocking" by the school's filtering and monitoring system doesn't lead to unreasonable restrictions as to what children can be taught

Relationships education focuses on teaching the skills and knowledge that form the building blocks of all positive relationships, supporting children from the start of their education to grow into kind, caring adults who have respect for others and know how to keep themselves and others safe, including

- Families and people who care for me
- Caring friendships

- Respectful, kind relationships
- Online safety and awareness
- Being safe

Primary sex education taught in year 6 will be taught in line with the National Curriculum for science, and focus on:

- The main external body parts
- The human body as it grows from birth to old age (including puberty)
- Reproduction in some plants and animals
- How a baby is conceived (in line with the factual curriculum of conception set out in the science curriculum)

Throughout each year group we will use appropriate material to assist learning, such as:

- Diagrams
- Videos
- Books
- Games
- Discussions and practical activities

Teachers will make sure that all pupils' views are listened to, and will encourage them to ask questions and engage in discussion. Teachers will answer questions sensitively, honestly and appropriately for the age of the pupils.

The programme will be designed to focus on boys as much as girls, and activities will be planned to make sure both are actively involved.

Pupils will be introduced to protective and preventative content in a way that does not cause unreasonable alarm and does not appear to normalise risky behaviours or activities. The school will make sure that all teaching and materials are appropriate for the ages and needs of the pupils including any additional needs, such as special educational needs and disabilities (SEND).

We may amend our curriculum content to respond to the needs and context of our pupils, to discuss issues affecting them in an age-appropriate manner. We will inform parents and carers of any deviation from our published policy in advance, and share any relevant materials on request.

These areas of learning are taught within the context of family life, taking care to make sure that there is no stigmatisation of children based on their home circumstances (i.e. families can include single-parent families, same-sex parents, families headed by grandparents, adoptive parents and foster parents among other structures), along with reflecting sensitively that some children may have a different structure of support around them (for example, looked-after children, young carers or kinship carers).

Across our school, we will also be mindful of the law and legal requirements, taking care not to condone or encourage illegal activity, such as violent action against people, criminal damage to property or hate crime.

For more information about our RSHE curriculum, see Appendices 1 and 2.

6.1 Inclusivity

We will teach about these topics in a manner that:

- Considers how a diverse range of pupils will relate to them
- Is accessible to pupils with SEND

- Is sensitive to all pupils' experiences
- During lessons, makes pupils feel:
    - Safe and supported
    - Able to engage with the key messages

We will also:

- Make sure that pupils learn about these topics in an environment that's appropriate for them, for example in:
    - A whole-class setting
    - Small groups or targeted sessions
    - 1-to-1 discussions
    - Digital formats
- Give careful consideration to the level of differentiation needed

6.2 Use of resources

We will consider whether any resources we plan to use:

- Are aligned with the teaching requirements set out in the statutory RSHE guidance
- Would support pupils in applying their knowledge in different contexts and settings
- Are age-appropriate, given the age and maturity of the pupils
- Are evidence-based and contain robust facts and statistics
- Fit into our curriculum plan
- Are from credible sources
- Are compatible with effective teaching approaches
- Are sensitive to pupils' experiences and won't provoke distress

We will make sure that when we consult parents/carers we provide a representative sample of the resources that the school plans to use.

We will ensure that parents/carers are able to view curriculum materials used to teach RSHE on request.

Parents/carers are not able to veto curriculum content.

We will comply with any applicable copyright laws when sharing resources with parents or carers, and will include a statement that parents agree to as a condition of access that the content should not be copied or shared further except as authorised under copyright law.

7. Roles and responsibilities

7.1 The governing board

The governing board will approve the RSHE policy and hold the Headteacher to account for its implementation.

7.2 The Headteacher

The Headteacher is responsible for ensuring that RSHE is taught consistently across the school, and for managing requests to withdraw pupils from non-statutory components of RSHE (see section 8).

7.3 Staff

Staff are responsible for:

- Delivering RSHE in a way that is sensitive, high-quality and appropriate for each year group
- Modelling positive attitudes to RSHE
- Monitoring progress
- Responding to the needs of individual pupils
- Responding appropriately to pupils whose parents wish them to be withdrawn from the non-statutory components of RSHE
- Modelling positive behaviour and avoiding language that might perpetuate harmful stereotypes, and being conscious of everyday sexism, misogyny, homophobia and stereotypes
- Where misogynistic ideas are expressed at school, challenging the ideas, rather than the person expressing them
- Reporting any safeguarding concerns or disclosures that pupils may make as a result of the subject content to the school's designated safeguarding lead (DSL) Kyla Bates.

Staff do not have the right to opt out of teaching RSHE. Those who have concerns about teaching RSHE are encouraged to discuss this with the Headteacher.

7.4 Pupils

Pupils are expected to engage fully in RSHE and, when discussing issues related to RSHE, treat others with respect and sensitivity.

8. Parents' right to withdraw

Parents do not have the right to withdraw their children from relationships and health education. Parents have the right to withdraw their children from the non-statutory components of sex education within RSHE. The headteacher will grant all requests to withdraw pupils from non-statutory elements.

Requests for withdrawal should be put in writing using the form found in Appendix 3 of this policy and addressed to the Headteacher. Alternative work will be given to pupils who are withdrawn from sex education.

9. Training

Staff are trained on the delivery of RSHE as necessary and as part of the school's professional development cycle. The Headteacher will also invite visitors from outside the school, such as school nurses or sexual health professionals to provide support and training to staff teaching RSHE.

10. Monitoring arrangements

The delivery of RSHE is monitored by senior leaders through:

- planning scrutinies
- learning walks
- pupil surveys

Pupils' development in RSHE is monitored by class teachers as part of our internal assessment systems.

Appendix 1: Relationships and sex education curriculum map, as part of PSHE curriculum

PSHE Association (2026) Coverage

This table shows how the PSHE Association Programme of Study (2026) is delivered through myHappymind Plus modules. It outlines the progression of learning from Key Stage 1 to Key Stage 2 across Relationships, Sex and Health Education and Economic Wellbeing.

Section 1: Relationships, Sex and Health Education (RSHE / Health Education)			
	KS1 – What is taught	**KS2 – What is taught**	**myHappymind Plus Module**
Families	Learn what a family is and who is in their family. Understand that families can be different (e.g. single parents, adoptive families) and that families care for each other. Know who to talk to if something feels upsetting.	Understand different family structures (including blended, foster, adoptive and LGBT+ families). Learn about roles, responsibilities and committed relationships (e.g. marriage, civil partnerships), and how families support and protect children.	myHappyRelationships
Friendships	Learn what makes a good friend. Understand that friends can fall out and how to resolve simple disagreements. Know how to ask for help.	Learn how to build healthy friendships (trust, respect, loyalty), manage conflict, deal with peer pressure, and recognise unhealthy or controlling friendships. Learn how friendships can change over time and how to ask for help if a friendship makes them feel unsafe or unhappy.	myHappyRelationships
Respecting self and others	Learn that everyone is unique, to respect differences and show kindness. Understand that words and actions can hurt others and know to tell an adult if worried.	Learn about identity (culture, beliefs, ethnicity), diversity and equality. Understand stereotypes, prejudice and discrimination and how to challenge them. Develop respectful communication and conflict resolution skills.	myHappyRelationships

	KS1 – What is taught	KS2 – What is taught	myHappymind Plus Module
Safe relationships: consent, boundaries and trust	Learn that their body belongs to them. Use correct names for body parts (e.g. penis, vulva). Understand private parts, safe/unsafe touch, and trusted adults.	Learn about consent, boundaries and appropriate contact. Recognise pressure, coercion and unsafe relationships. Understand safeguarding issues, that Female Genital Mutilation is against British Law and how to report concerns if they are concerned about their own safety or the safety of others.	myHappyRelationships/ myHappybody
Mental health and wellbeing	Recognise and name basic feelings and understand that feelings affect behaviour. Learn simple strategies to manage emotions and who can help.	Understand a wide range of emotions and how they change. Learn everyday strategies to manage stress, worry and change, build resilience, and recognise when support is needed.	myHappyBody
Keeping healthy and well	Learn basic hygiene, sleep routines and sun safety. Know who helps keep them healthy and who to talk to if they are worried about their health.	Understand how to maintain health through hygiene, sleep, dental care and preventing illness (including bacteria, viruses and vaccination). Know the role of medical professionals and how to access help when needed.	myHappyBody
Physical activity and nutrition	Learn that being active and eating a range of foods helps keep us healthy.	Understand balanced diets, the impact and risks of high-sugar and ultra-processed foods, and the importance of regular exercise. Learn how to prepare healthy meals and be supported to make healthy choices.	myHappyBody

	KS1 – What is taught	KS2 – What is taught	myHappymind Plus Module
Changing and growing up	Learn that people grow and change as they get older.	Learn about puberty (periods, wet dreams, body changes), reproduction and identity. Learn that people can develop crushes and be attracted to others romantically. That people may be attracted to someone of the same sex or different sex to them.	myHappyBody
Personal safety and first aid	Learn simple safety rules (road, water, home), how to get help and how to call 999 in an emergency.	Learn to assess risk, stay safe in different situations, and respond to emergencies. Learn basic first aid for common injuries and how to make a clear and efficient call to the emergency services.	myHappyBody
Online life and safety	Learn how people use the internet and that not everything online is true. Learn to be kind online. Learn how age restrictions protect wellbeing online and follow basic online rules. Learn how to speak to a trusted adult.	Learn how online content is created, targeted and sometimes false, sometimes involving AI. Understand misinformation and how to think critically about what they see online. Learn about online harms (cyberbullying, scams, harmful content) and how to report concerns.	myHappyWorld
Drug education	Learn that medicines can help but some substances can be harmful. Understand basic safety around substances.	Learn about drugs (including alcohol, tobacco and vaping), their effects, risks and laws. Understand influences on behaviour and where to get help.	myHappyBody

Section 2 - Economic Wellbeing and Careers Education			
	KS1 – What is taught	**KS2 – What is taught**	**myHappymind Plus Module**
Economic wellbeing	Learn what money is, where it comes from and how it is used. Begin to understand saving, spending and needs vs wants.	Learn how to budget, save and track money. Understand how money affects emotions, decisions, other people and the environment, and how to keep money safe.	myHappyWorld
Careers education: aspirations, learning and work	Learn about different jobs and begin to recognise their own strengths and interests.	Learn to recognise their achievements, strengths and how to set targets to achieve their goals. Identify how these skills might help in their future career. Learn about a wide range of careers and pathways. Develop skills, set goals, and challenge stereotypes about jobs.	myHappyWorld

Appendix 2: By the end of primary school pupils should know

Topic	Pupils should know
Families and people who care for me	That families are important for children growing up because they can give love, security and stability The characteristics of safe and happy family life, such as: commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other's lives That other children's families, either in school or in the wider world, sometimes look different from their own, but they should respect those differences and know that other families are also characterised by love and care That stable, caring relationships are at the heart of safe and happy families, and are important for children's security as they grow up That marriage and civil partnerships represent a formal and legally recognised commitment of 2 people to each other which is intended to be lifelong How to recognise if family relationships are making them feel unhappy or unsafe, and how to seek help or advice from others if needed
Caring friendships	How important friendships are in making us feel happy and secure, and how people choose and make friends The characteristics of friendships that lead to happiness and security, including: mutual respect, truthfulness, trust and trustworthiness, loyalty, kindness, generosity, sharing interests and experiences and support with problems and difficulties That healthy, caring and kind friendships are positive and welcoming towards others, and do not make others feel lonely or excluded. Pupils should learn skills for developing caring, kind friendships That not every child will have the friends they would like at all times, that most people feel lonely sometimes, and that there is no shame in feeling lonely or talking about it That most friendships have ups and downs, and that these can often be worked through so that the friendship is repaired or even strengthened About managing conflict with kindness and respect, and that violence is never right How to recognise when a friendship is making them feel unhappy or uncomfortable, and how to seek help or advice from others, if needed

Topic	Pupils should know
Respectful, kind relationships	How to pay attention to the needs and preferences of others, including in families and friendships. Pupils should be encouraged to discuss how we can balance the needs and wishes of different people in relationships, and why this can be complicated The importance of setting and respecting healthy boundaries in all relationships with friends, family, peers and adults How to communicate effectively and manage conflict with kindness and respect: how to be assertive and express needs and boundaries and manage feelings, including disappointment and frustration That they can expect to be treated with respect by others and the importance of respecting others, including those who are different (for example: physically or in character, personality or background), or make different choices, or have different preferences or beliefs The practical steps they can take in a range of different contexts to improve or support their relationships The conventions of courtesy and manners The importance of self-respect and how this links to their own happiness. They should have opportunities to consider issues like how they foster their own self-esteem and build a strong sense of their own identity, including through developing skills and interests Pupils should have opportunities to discuss the difference between being assertive and being controlling, and the difference between being kind to other people and neglecting your own needs About different types of bullying (including online bullying), the impact of bullying, responsibilities of bystanders (primarily reporting bullying to an adult) and how to get help How to seek help when needed, including when they are concerned about violence, harm, or when they are unsure who to trust What a stereotype is, and how stereotypes can be unfair, negative or destructive or lead to bullying and how to challenge a stereotype

Topic	Pupils should know
Online safety and awareness	How to critically evaluate their online relationships and sources of information, including awareness of the risks associated with people they have never met That people sometimes behave differently online, including by pretending to be someone they are not and/or pretending to be a child, and that this can lead to dangerous situations That people should be respectful in online interactions, and that the same principles apply to online relationships as to face-to face relationships, including the importance of respect for others online, including when we are anonymous. For example, the importance of avoiding putting pressure on others to share information and images online, and strategies for resisting peer pressure. The rules and principles for keeping safe online, how to recognise risks, harmful content and contact, and how to report them That there is a minimum age for joining most social media sites which protects children from inappropriate content or unsafe content with older social media users, who may be strangers, including other children and adults That it's important to be cautious about sharing any information about themselves online, and how to use privacy and location settings to protect their information online How to critically consider their online friendships and sources of information, including awareness of the risks associated with people they have never met How information and data is shared and used online, including where pictures or words might be circulated Online risks, including that any material provided online might be circulated, and that once a picture or words has been circulated there is no way of deleting it everywhere and no control over where it ends up That the internet contains a lot of content that can be inappropriate and upsetting for children, and where to go for advice and support when they feel worried or concerned about something they have seen or engaged with online

Topic	Pupils should know
Being safe	What sorts of boundaries are appropriate in friendships with peers and others (including online). This can include learning about boundaries in play and in negotiations about space, toys, books and resources, for example About the concept of privacy and the implications of it for both children and adults, including that it's not always right to keep secrets if they relate to being safe That each person's body belongs to them, and the differences between appropriate and inappropriate or unsafe contact, including physical contact How to respond safely and appropriately to adults they may encounter (in all contexts, including online) including those they do and don't know How to recognise when a relationship is harmful or dangerous, including skills for recognising who to trust and who not to trust How to report abuse, concerns about something seen online or experienced in real life, or feelings of being unsafe or feeling bad about any adult, and the vocabulary and confidence needed to do so How to ask for advice or help for themselves or others, and to keep trying until they are heard Where to get advice, for example from their family, school and/or other sources

Topic	Pupils should know
General wellbeing	The health, wellbeing and happiness benefits of physical activity, time outdoors, and helping others Simple self-care techniques, including the importance of rest, time spent with friends and family, as well as hobbies, interests and community participation The importance of promoting general wellbeing and physical health The range of scale of emotions that they might experience in different situations (e.g. happiness, sadness, anger, fear, surprise, nervousness) and that worrying and feeling down are normal, affect everyone at different times, and are not in themselves a sign of a mental health condition How to recognise feelings and use varied vocabulary to talk about their own and others' feelings How to judge whether what they are feeling and how they are behaving is appropriate and proportionate That isolation and loneliness can affect children, and the benefits of seeking support That bullying (including cyberbullying) has a negative and often lasting impact on mental wellbeing and how to seek help for themselves or others That change and loss, including bereavement, can provoke a range of feelings, that grief is a natural response to bereavement, and that everyone grieves differently Where and how to seek support (including recognising the triggers for seeking support), including who to speak to in school if they are worried about their own or someone else's mental wellbeing or ability to control their emotions (including issues arising online) That it is common to experience mental health problems, and early support can help

Topic	Pupils should know
Wellbeing online	That for almost everyone the internet is an integral part of life How to think about positive and negative aspects of the internet How online relationships can complement and support meaningful in-person relationships, but also how they might be in tension, and the reasons why online relationships are unlikely to be a good substitute for high quality in-person relationships, looking at the pros and cons of different ways of using online connection The benefits of limiting time spent online, the risks of excessive time spent on electronic devices and the impact of positive and negative content online on their own and others' mental and physical wellbeing How to consider the impact of their online behaviour on others, and how to recognise and display respectful behaviour online Why social media, some apps, computer games and online gaming, including gambling sites, are age restricted The risks relating to online gaming, video game monetisation, scams, fraud and other financial harms, and that gaming can become addictive How to take a critical approach to what they see and read online and make responsible decisions about which content, including content on social media and apps, is appropriate for them That abuse, bullying and harassment can take place online and that this can impact wellbeing How to seek support from trusted adults How to understand the information they find online, including from search engines, and know how information is selected and targeted That they have rights in relation to sharing personal data, privacy and consent Where and how to report concerns and get support with issues online
Physical health and fitness	The characteristics and mental and physical benefits of an active lifestyle The importance of building regular physical activity into daily and weekly routines and how to achieve this; for example, walking or cycling to school, a daily active mile or other forms of regular, moderate and/or vigorous physical activity The risks associated with an inactive lifestyle, including obesity How and when to seek support including which adults to speak to in school if they are worried about their health
Healthy eating	What constitutes a healthy diet (including understanding calories and other nutritional content) Understanding the importance of a healthy relationship with food The principles of planning and preparing a range of healthy meals The characteristics of a poor diet and risks associated with unhealthy eating (including, for example, obesity and tooth decay) and other behaviours (e.g. the impact of alcohol on diet or health)

Topic	Pupils should know
Drugs, alcohol, tobacco and vaping	The facts about legal and illegal harmful substances and associated risks, including smoking, vaping, alcohol use and drug-taking. This should include the risks of nicotine addiction, which are also caused by other nicotine products such as nicotine pouches
Health protection and prevention	How to recognise early signs of physical illness, such as weight loss, or unexplained changes to the body About safe and unsafe exposure to the sun, and how to reduce the risk of sun damage, including skin cancer The importance of sufficient good quality sleep for health, the amount of sleep recommended for their age, and practical steps for improving sleep, such as not using screens in the bedroom. The impact of poor sleep on weight, mood and ability to learn About dental health and the benefits of good oral hygiene, including brushing teeth twice a day with fluoride toothpaste, cleaning between teeth, and regular checkups at the dentist About personal hygiene and germs including bacteria, viruses, how they are spread and treated, and the importance of handwashing The facts and scientific evidence relating to vaccination and immunisation. The introduction of topics relating to vaccination and immunisation should be aligned with when vaccinations are offered to pupils
Personal safety	About hazards (including fire risks) that may cause harm, injury or risk and ways to reduce risks How to recognise risk and keep safe around roads, railways, including level crossings, and water, including the water safety code
Basic first aid	How to make a clear and efficient call to emergency services if necessary, including the importance of reporting incidents rather than filming them Concepts of basic first aid, for example dealing with common injuries and ailments, including head injuries
Developing bodies	About growth and other ways the body can change and develop, particularly during adolescence. This topic should include the human lifecycle, and puberty should be discussed as a stage in this process The correct names of body parts, including the penis, vulva, vagina, testicles, scrotum, nipples. That all of these parts of the body are private and have skills to understand and express their own boundaries around these body parts The facts about the menstrual cycle, including physical and emotional changes (while the average age of the onset of menstruation is 12, periods can start at 8, so covering this topic before girls' periods start will help them understand what to expect and avoid distress)

Appendix 3: Parent form: withdrawal from sex education within RSHE

TO BE COMPLETED BY PARENTS			
Name of child		Class	
Name of parent / carer		Date	
Reason for withdrawing from sex education within relationships and sex education			
Any other information you would like the school to consider			
Parent signature			

TO BE COMPLETED BY THE SCHOOL	
Agreed actions from discussion with parents
